SKIER'S NIGHT OUT set for April 8th

Set aside April 8, a Monday, for what is likely the last actual meeting date for the Columbia/Jeff City Ski and SnowBoard Club this winter season. The location will be Houlihan's 2541 Broadway Bluffs Drive at 6pm for social. 7pm for the summer plans at a winery or two, bike plans, etc. & details.

- I still have misc. items to sell, as in a boot bag & a ski bag (both almost new), a set of guy's large bibs, and a helmet that someone might wish to purchase.
 - A lot of this season's pictures are now posted to the web site of <http://columbiajeffcityskiandboard.org/> and available for view. There's still some pics showing up from this past month's Winter Park trip. Thanks to those sending those in to Bill Harris at comoskiclub@gmail.com.
 - Float trip w/Topeka Ski Club for the summer is set for June 23 (a Sunday evening) w/float time on the Niangua River out of Bennett Springs State Park this time around, on Monday and Tuesday, June 24 & 25. Staying in the camping area or at cabins – your choice – but still planned as a two-day float w/ride back to the State Park at each day's ending spot. A cook is involved for the suppers this year, so more info is to come on this year's camp out.
 - And supposedly, there's the Elk River float again thru the KCSC on Saturday, June 8 near Noel, MO, but to date, nothing firm has been announced.
 - Spain & Portugal trip in 2019 w/ Topeka Ski Club. Two great weeks in Sept w/ some 17 meals furnished. Below is the link to the electronic flyer for this trip. This is information on a trip sponsored by the Topeka Ski Club and they would like to invite everyone to sign up for the trip. Interested individuals should contact me directly so that I can get the transportation information for each one. Jan Stegelman [785-640-1829](tel:785-640-1829) If you furnish an e-mail to her (for those that are interested), she will contact you directly with additional information. gateway.gocollette.com/link/891596
