January 2022

SKIER'S NIGHT OUT for first Monday in January

For the first ski club meeting of 2022, I'm trying for a place that does not have a large crowd gathering, but a large area to be secluded into. Note that it has to be on Monday, as I'm gone for a while thereafter. And with that, I've come up with the Stadium Grill on January 3rd. Let's go with 6pm (and the place closes at 8pm so it will not be a long meet. This place is 1.7 miles west of US Hwy 63 on the south side of Stadium and at the Hampton Inn before you would get to the University's Hearnese Center and Softball field. Can't miss it. Turn left (south) on Rock Quarry Road and you're in there. Always wanting trying to keep with that safe six foot distance from others during these trying times. btw: Did anyone along on the recent ski trip to Aspen Square and the 4 mountains receive any covid-related sickness? I've heard from no one on that issue (to date).

Now Brenda did her impersonation of a rag doll falling down the fall line on a slope and bruised up a bit. And Jim D. got to meet an out-of-control skier up close & personal. Thankfully, no long term injuries for either. I'll have some refund checks for covering the parting dinner at Aspen Square, and the wine, plus some other incentives to talk about. Bob B.: just show up and I'll have something for ya.

Ok, now for those of you that I saw taking the a lot of pics last week at Aspen/Snowmass: Kindly send your snapshots to Bill Harris (the webmaster) for our site at his email of [comoskiclub@gmail.com](mailto:comoskiclub@gmail.com) and he'll make a new folder for this Aspen 2021 trip for all of us to view. If there's any sizing problem, then get with Bill and he will tell you just what he needs to post 'em. He'll get it added to the club website of <http://columbiajeffcityskiandboard.org> and scenery shots are always great too.

Stay safe, always distant, and wash your hands often this winter.
